BUREAU OF MUNICIPAL RESEARCH

32 Isabella Street, Toronto 5

Telephone: 924-9717

Government Publications

August 17th, 1961.

To all Red Book Subscribers:

The Bureau of Municipal Research is pleased to send you the first instalment of Canadian Municipal Finance Statistics - 1960.

This Municipal Finance Statistics service was provided for over 40 years by the Citizens Research Institute of Canada, but when the Institute fell dormant early in the year 1961, the "Red Book" was taken over by the Bureau of Municipal Research, sister organization to the Institute.

With the Bureau as with the Institute, every effort will be made from year to year to increase the coverage of municipalities by the "Red Book" and to make such improvements in the analysis of municipal statistics as are desired by our subscribers.

The Bureau of Municipal Research was founded in 1914 as an independent non-partisan, non-profit organization seeking to contribute to the improvement of local government by carrying out research projects into the operations of municipalities and issuing reports based on the research.

The Bureau is almost wholly supported by the voluntary contributions of its members, who include nearly 200 persons and corporations. A small proportion of the Bureau's income is derived from services which the Bureau is equipped to provide, such as the Canadian Municipal Finance Statistics series.

Absolutely no membership contributions or other continuing financial support is accepted from any government.

Membership in the Bureau is open to all persons, firms and institutions who are interested in the development of efficient and effective local government. Your enquiries are invited.
